ABOUT US

These products are highly admired due to their attributes such as dimensional accuracy, corrosion resistance, sturdy design and high durability. In order to full fill the variegated requirements of our clients in the most efficient manner, we provide these products in various specifications in terms of dimension at market leading prices.

We have been able to carve a niche in industry, under the well experience of Our Company Proprietor Ms Leena Sood whose insightful understanding of the domain has directed us through every challenge that we have faced in our growing. Their mission is to always put their clients first, no matter what the clause. They possesses good industrial knowledge and always guided us towards the path of glory. ucts are dispatched at customers' premises. We Exprt our products all over world.

Under the able guidance of our Business Head, "Mr. Varun Kumar", we have been able to gain the trust of numerous loyal patrons. His brilliant managerial skills, excellent leadership qualities and constant motivation have enable us to reach the pinnacle of success.

QUALITY POLICY

Quality being our forte, we have created a separate quality assurance department that takes care of various quality aspects of our products. We have a team of quality inspectors who periodically conducts inspections to offer flawless product of international standard.

Our manufactured industrial supplies are tested on following parameters:

1. Strength
2. Durability
3. Heat Resistance
4. Corrosion Resistance
5. Dimensional Accuracy

***Our main motive is to provide
BEST QUALITY PRODUCTS to our
valuable customer across the world.***

OUR INFRASTRUCTURE

Kanya Traders has developed a state-of-the-art infrastructure, which is spread over a vast area. It is internally segregated into several units like designing, manufacturing, quality testing and warehousing & packaging. All our units are well-equipped with latest technology, machines, tools and instruments. Our units are properly managed by expert professionals, who have years of experience and in-depth knowledge in their respective domains.
